

SecureNet Payment Systems Develops Strategic Reseller Partnership with Merchants' Choice Payment Solutions

ROCKVILLE, MD and THE WOODLANDS, TX, April 17, 2012 – SecureNet Payment Systems, a leader in payment processing technology, and Merchants' Choice Payment Solutions, a top-ranked merchant services provider, today announced a strategic reseller partnership between the two companies. Merchants' Choice Payment Solutions will resell SecureNet's gateway and enterprise processing solutions powered by SecureNet's cutting-edge, proprietary payment platform.

"Our selection of the SecureNet gateway and enterprise merchant processing solutions signifies our aggressive growth plans in the retail marketplace. We are extremely excited about the ability to deliver a robust suite of innovative payment management tools to our sales groups, allowing them to leverage the economies of scale and new market segment opportunities afforded by this partnership," commented Todd Linden, Executive Vice President & COO of Merchants' Choice Payment Solutions.

Mark Engels, Executive Vice President of SecureNet Payment Systems added, "The relationship with a top-ranked merchant services provider like Merchants' Choice Payment Solutions supports our continued focus on providing the most innovative commerce experience to resellers, merchants and consumers. We are delighted to embrace our role as an industry leader by bringing new payment technology, customer driven innovation and the highest level of customer service to this partnership."

About Merchants' Choice Payment Solutions

Merchants' Choice Payment Solutions (MCPS) is a full-service provider of processing services that enable our merchants to accept all major payment options, including Visa, MasterCard, Discover, Diners Club, debit cards, checks, Electronic Benefits Transfer, gift and loyalty cards, Fleet Management and JCB cards. Established in 1989, MCPS is one of the top 25 merchant acquirers in the United States. Woodforest National Bank, our sponsoring financial institution, has provided the foundation for our strength and growth.

MCPS works closely with our sales partners to provide state-of-the-art technology, innovative payment products and world-class customer support to merchants in retail, dining, health care, fuel dispensing and personal services. MCPS is large enough to offer the competitive pricing necessary for our sales partners and merchants to be successful, yet agile enough to respond to their unique needs. We can customize our solutions based on a specific industry or regional requirement.

About SecureNet Payment Systems

SecureNet Payment Systems makes accepting payments easy and safe regardless of where they originate with its robust, PCI-compliant proprietary payment platform. From traditional payment processing to electronic invoicing and eCommerce solutions, SecureNet makes payment processing effortless. Connecting merchants, financial institutions and their customers since 1997, SecureNet delivers a fully integrated, one-stop payment solution that is easy-to-use, stable and affordable for merchants of all sizes. Leveraging direct credit card relationships and its extensive platform functionality, SecureNet's payment platform empowers merchants to manage and control how they get paid, where they get paid and when they get paid, giving them the confidence and convenience behind every electronic transaction .

As a direct payment processor, SecureNet is able to provide cost-effective eCommerce solutions by passing cost savings on to merchants and resellers. Through unmatched customer service and seasoned expertise, SecureNet Payment Systems maximizes profitability for all partners by providing the best experience for buyers and sellers.
